

# **Celebrate Everything!**

[Verse]

Wake up slow, stretch and breathe  
Sunlight dancing through the leaves  
Little things that make me sing  
Yeah, today's got everything

[Chorus]

Celebrate everything, big and small  
The moments that whisper, the ones that call  
Life's not waiting—so here's my spin:  
Joy begins from deep within

[Verse]

Found my rhythm, feel that beat  
Tapping shoes on city streets  
Every laugh, each note I bring  
Turns my world into a swing

[Chorus]

Celebrate everything, big and small  
The moments that whisper, the ones that call  
Life's not waiting—so here's my spin:  
Joy begins from deep within

[Bridge]

Even storms can shine with light  
If we dance and hold on tight  
There's no wrong way to begin  
Just start where you are—let joy win

[Chorus]

Celebrate everything, big and small  
The moments that whisper, the ones that call  
Life's not waiting—so here's my spin:  
Joy begins from deep within

[Outro]

Celebrate... celebrate...
